El Arte y la innovación de la iluminación se llama

**Stratto**  
Lighting

Nuestra marca tiene como objetivo llevar el diseño a nuevos niveles de innovación y calidad a todos los espacios.

Cada una de nuestras piezas es seleccionada de la manera más cuidadosa, consecuencia de estudiar las nuevas tendencias globales en el mundo de la iluminación, así como de escuchar a cada uno de nuestros socios comerciales, buscando siempre fortalecer nuestra propuesta.

Stratto Lighting continúa experimentando un periodo de transformación fundamental, al perfeccionar el uso de materiales naturales a su esencia, como lo son el cristal y el acrílico, así como al presentar diseños totalmente nuevos y exclusivos, llevando un balance perfecto entre su acabado y entre la combinación de colores y siluetas.

Este proceso de transformación incluye la incorporación de tecnología totalmente nueva por medio de herramientas y accesorios, como lo son el control remoto y la APP (Lamp Smart Pro), que automatizan y crean una nueva experiencia para el usuario final.

Los invitamos a conocer y disfrutar de nuestras colecciones para vivir una nueva y completa experiencia con Stratto Lighting.

Control Remoto Incluido

Luz Atenuable

APP Disponible *LAMP SMART PRO*  
para Android y Apple

Encendido al Tacto
